

A **starter** on

Presentation by Paul Gobée, license: Creative Commons Attribution ShareAlike 4.0 Int.

What is Creative Commons?

Creative Commons is *the* international licensing system **to share creative and academic works openly**.

It facilitates reuse of creative and academic works, and building further on those works, by overcoming legal obstacles to do so.

The main way this is done, is by issuing a **set of (Creative Commons) licenses** that provide a **simple, standardized way** to give your permission to share and use your creative work— on conditions of your choice*.

They nevertheless have a solid legal underpinning.

What do Creative Commons licenses offer?

Creative Commons licenses give everyone from individual creators to large institutions **a standardized way to grant** the public permission to use their creative work under copyright law.*

The licenses also contain a **disclaimer of warranties and a limitation of liability**.

From the reuser's perspective, the presence of a Creative Commons license on a copyrighted work answers the question, ***“What can I do with this work?”*** *

The basic idea: Creative Commons licenses form a mid way between Copyright and Public Domain.

You can 'tag' your work with (combinations of) 4 elements that denote specific restrictions.

Attribute (BY)

ShareAlike (SA)

NonCommercial (NC)

NoDerivatives (ND)

Explanation of the CC elements

BY

Attribution

Yes, you can use my videos but make sure you say they were created by Mr O'Pen!

SA

ShareAlike

Yes, you can use and remix my videos, but you must share remixes with the same license!

ND

NoDerivs

Yes, you can use my videos but only as they are. No remixing!

NC

NonCommercial

Yes, you can use my videos, but not for commercial purposes!

The elements are combined to 6 licenses.

Attribution

Attribution ShareAlike

Attribution NonCommercial

Attribution NonCommercial ShareAlike

Attribution NoDerivatives

Attribution NonCommercial NoDerivatives

These 6 licenses form a spectrum from most open to least open

Let's have a look at this license

the Attribution ShareAlike (CC BY SA) license

What does the license allow and require?

There is an easy understandable summary

The screenshot shows the top of the CC BY-SA 4.0 license page. It features the Creative Commons icons (CC, BY, SA) and the title "Attribution-ShareAlike 4.0 International (CC BY-SA 4.0)". Below the title is a disclaimer: "This is a human-readable summary of (and not a substitute for) the [license](#). [Disclaimer](#)." The main heading is "You are free to:", followed by two bullet points: "Share — copy and redistribute the material in any medium or format" and "Adapt — remix, transform, and build upon the material for any purpose, even commercially." To the right of these points is a circular seal that says "Free Cultural Works APPROVED FOR". Below this is a note: "The licensor cannot revoke these freedoms as long as you follow the license terms." A horizontal line separates this section from the "Under the following terms:" section. This section lists two terms: "Attribution" (with a person icon) and "ShareAlike" (with a circular arrow icon). The Attribution term states: "You must give [appropriate credit](#), provide a link to the license, and [indicate if changes were made](#). You may do so in any reasonable manner, but not in any way that suggests the licensor endorses you or your use." The ShareAlike term states: "If you remix, transform, or build upon the material, you must distribute your contributions under the [same license](#) as the original."

Be aware!

- **The licenses and CC0 cannot be revoked.** This means once you apply a CC license to your material, anyone who receives it may rely on that license for as long as the material is protected by copyright, even if you later stop distributing it.
- **You must own or control copyright in the work.** Only the copyright holder or someone with express permission from the copyright holder can apply a CC license or CC0 to a copyrighted work. If you created a work in the scope of your job, you may not be the holder of the copyright.

CC0 - the “No Rights Reserved” tag

A tag to indicate that you expressly place your work in the Public Domain by waiving all your copyright and related rights in the tagged work.
